

Rossmond Ralph Q. Rivas

Education

- **B.Sc. Computer Science**, Mapúa Malayan Colleges Laguna, Philippines.

Graduated 2025

Work Experience

Junior Software Engineer

iNeed Solution Inc.
Makati, Philippines

Apr 2025–July 2025

- Built and deployed a cross-cutting logging service integrated across multiple modules, improving system observability and debugging efficiency.
- Designed and implemented JWT authentication and an OTP service, strengthening API security.
- Automated recurring tasks using Task Scheduler and deployed APIs via IIS.
- Collaborated with cross-functional teams to ensure seamless integration of services.
- Tech stack: C#, Flutter, MongoDB.

Skills

- Languages: C#, Dart, Python, Lua, Ruby, C, PHP
- Frameworks: Flutter, ASP.NET, Ruby on Rails
- Databases: MySQL, MongoDB
- Tools: Git, PowerShell, Bash, Windows, Linux
- Certificates: Introduction to NoSQL, Introduction to Cryptography, Employability Skills - JobReady

Projects

Parking Reservation System Logger

- Developed a backend logging API for a parking reservation system used by both a Flutter mobile app and a desktop app.
- Ensured system reliability by being the first dedicated logging service integrated into the platform.
- Improved system reliability and inter-team collaboration by ensuring compatibility with multiple modules.
- Tech stack: C#, Flutter, MongoDB.

Istoria Adventure

- Co-developed a game-based learning mobile app teaching Philippine history through roguelike and bullet-hell gameplay.
- Tested by 30+ elementary students, with positive feedback on engagement and fact retention via the built-in quiz system.
- Contributed to game design by creating 1 out of 5 levels, including a boss and 3 unique player skills.
- Built with Unity (C#).

Book-A-Seat

- Built a QR-code based seat reservation prototype, tested by 9 students.
- Reduced booking time from about 3 minutes (manual process) to under 1 minute per student.
- Successfully tested with 50-seat layouts, demonstrating scalability for larger rooms.
- Tech stack: HTML, CSS, JavaScript.
